### MEET A MEMBER!

Nancy Andrews

Nancy Andrews has started a new Mobile Optician Business: Eye'm Mobile Optician. Nancy is not new to the optical world. She has twenty-one years experience working for different optical chains in a number of provinces. Nancy is originally from Newfoundland. She moved to Alberta, then to Nova Scotia where she got her optician license from Scotia Career Academy. As a student Ernie Yarn of Vogue Optical hired her for the Dartmouth, NS store.

Over the next 20 years she worked and moved for Vogue to many places, including Kentville, NS, Grand Falls, Florenceville-Bristol, Miramichi, Moncton, Quispamsis and Bathurst, NB and Clarendville and St. John's, NL. "Anywhere they wanted me to work, I would go. I love the adventure."

"I worked with amazing doctors over those years. In 2021 I had a great opportunity to work with an ophthalmologist in Woodstock, NB. It was an amazing experience where I learned a lot, but unfortunately it came to an end, when her hospital number was not renewed. So there I stood after 20 years still wanting to work in the eyecare field. I decided to start my own Mobile Optical, so I can go to help people with their eyewear one-on-one."

Nancy is the mother of two beautiful girls. The family live in Johnville, NB with two busy dogs. Nancy can't wait to start helping her clients to see again and look good!

**Congratulations Nancy!**

### One Sight Update from Ross Sherwood

**OneSight** brought its first ever clinic to a First Nations in Canada. "I was super excited about this, as I had been working hard to make it happen." From May 29 - June 3, 2022, a team of 23 Opticians, Optometrists and Associates joined forces to work for five days to help bring clear vision to the youth of the Akwasasne First Nation in Cornwall. They provided full eye exams and glasses for those youth in need.

The team managed to serve 196 people (171 youth plus 25 elders from a senior's home). They found 68% needing vision care. Glasses were made for those we could service right away. The others are being made and will be shipped to the school before the end of the year!

"I want to thank you and OANB for your continued support and the \$100 donation to this amazing Foundation. I truly appreciate it and many more people will now see the world clearer!" - Ross
